

Business Profile – “A Vision of Time”

Founded 1921 as a manufacturer of fine Swiss watches in Saint-Blaise, a village near Neuchâtel in the “watch region of Switzerland”, the company **SAINT-BLAISE** was later bought by the actual owner, the **MCM Group**.

During the years, **SAINT-BLAISE** issued a few new fine watches, all in a limited edition and offered watches together with an art print, created by artists like ARMAN, CESAR, Daniel SPOERRI and Jacques VILLEGLE.

Renamed **Les Editions Saint-Blaise** the company started the Art Collection "A VISION OF TIME" which has been shown in many art centers and often together with their exclusive gold watches.

Later **Les Editions Saint-Blaise** enlarged their activities by creating with other well known artist's editions of **Art Prints** and **Multiples** as well as editions of **Original Photographs**.

As a matter of fact, it is hard for galleries and art dealers to get world wide known artists willing to work with them on exclusive edition project. Therefore our mission is to provide galleries, art dealers and art centers with such editions at affordable costs and on a local or regional exclusive base.

Les Editions Saint-Blaise works also together with other publishers of Art Editions and provides these Editions of Art Prints, Multiples and Original Photographs to the above mentioned partners.

VILLEGLE, YES, 2008
